

Urothelien

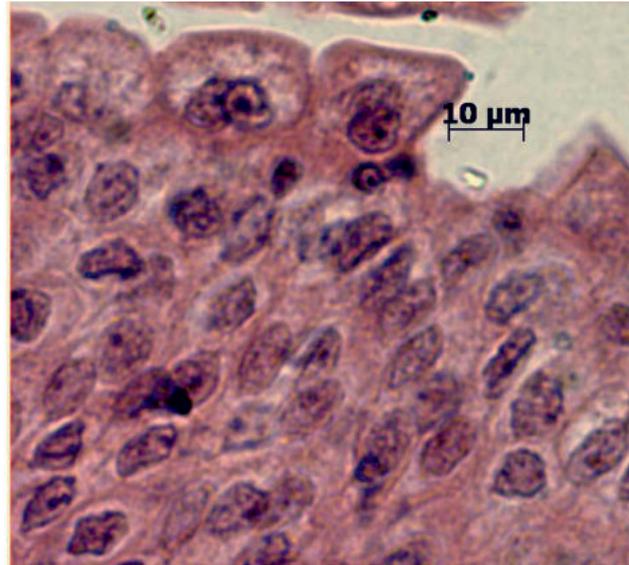

Deckzellen im Nativpräparat

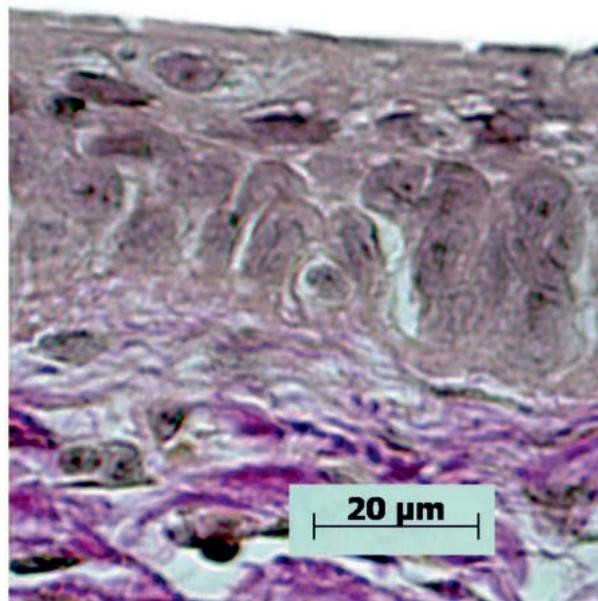

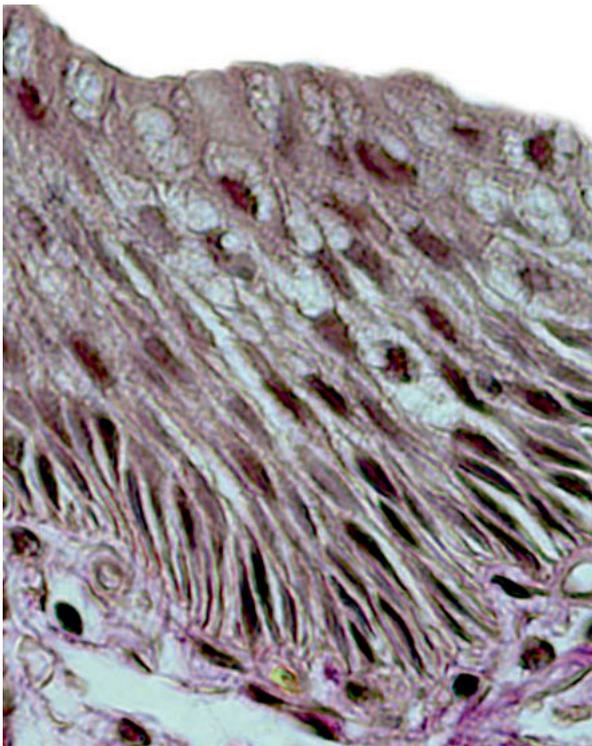

Deckzellen mit HE gefärbt

Urothel

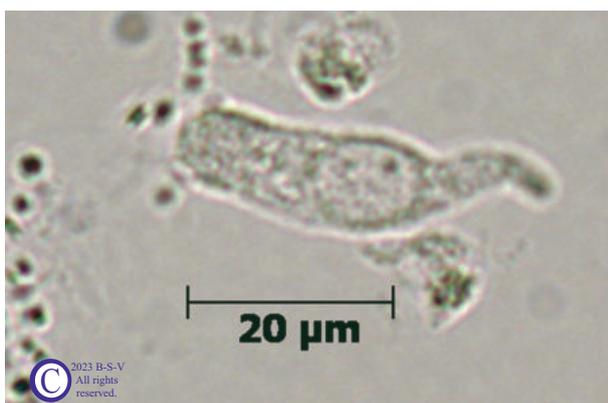

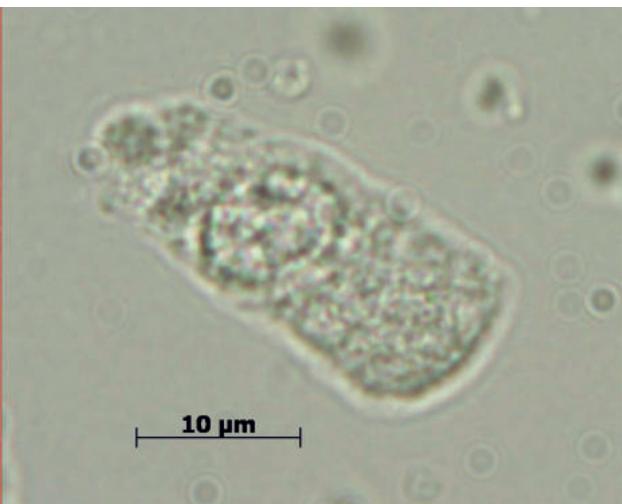

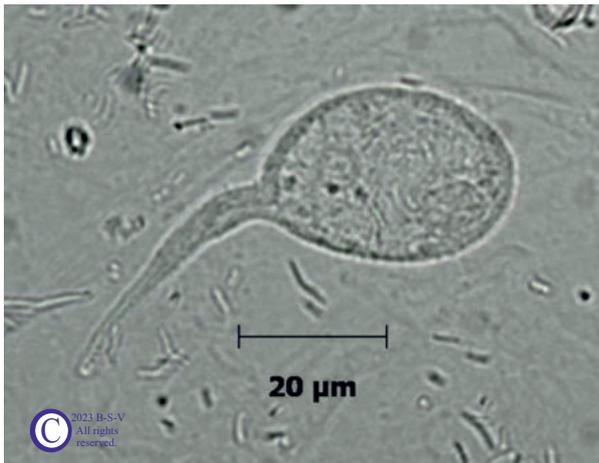

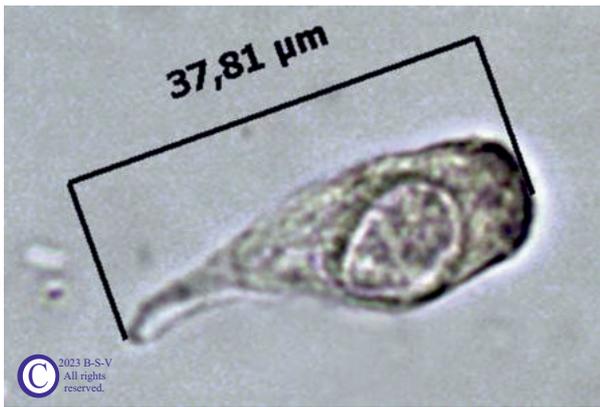

Ureter Mensch mit HE gefärbt

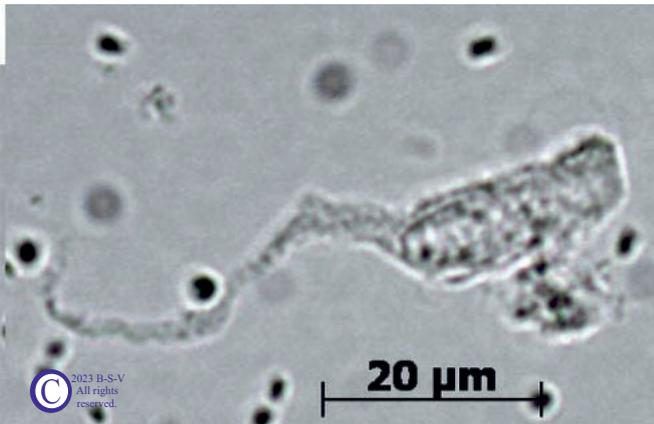

ungedehntes und gedehntes Urothel des Menschen, Elastika van Gieson

Urothel

Stützzellen (geschwänzte Epithelzellen)

Urothel

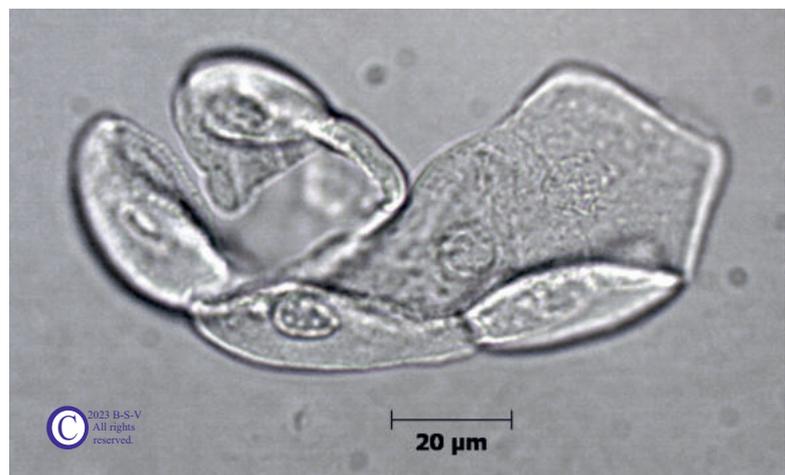

unterschiedlich starke entzündliche
Degenration bei Stützzellen

Plattenepitheliale Zellen

zufällig veränderte Zellen des
Plattenepithels

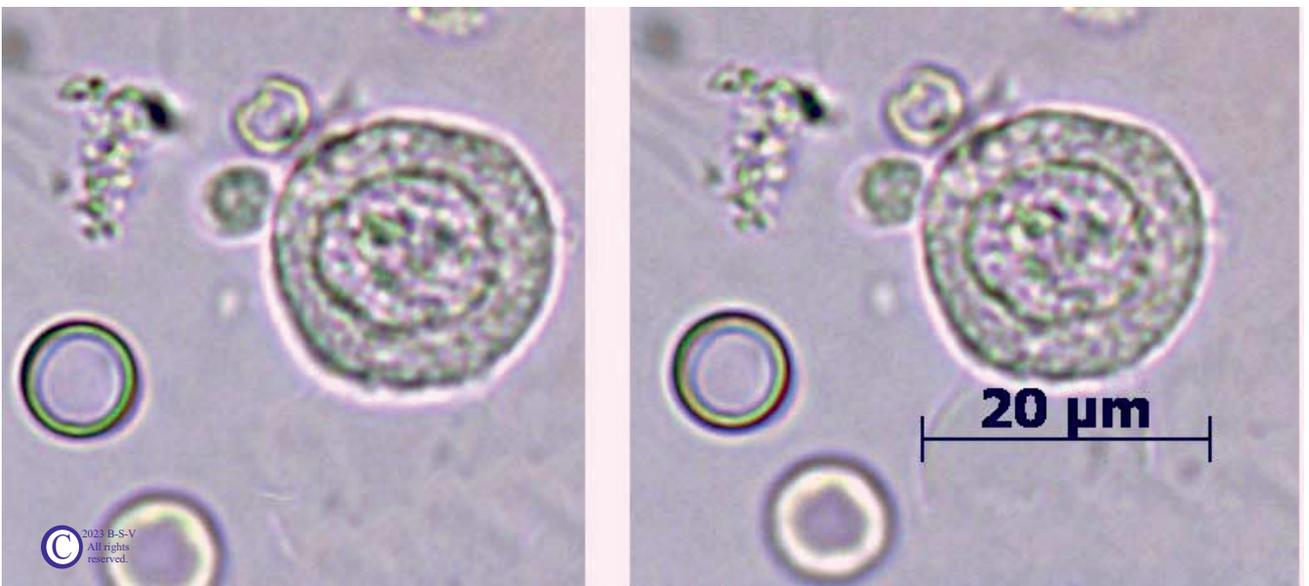

Plattenepitheliale Zellen

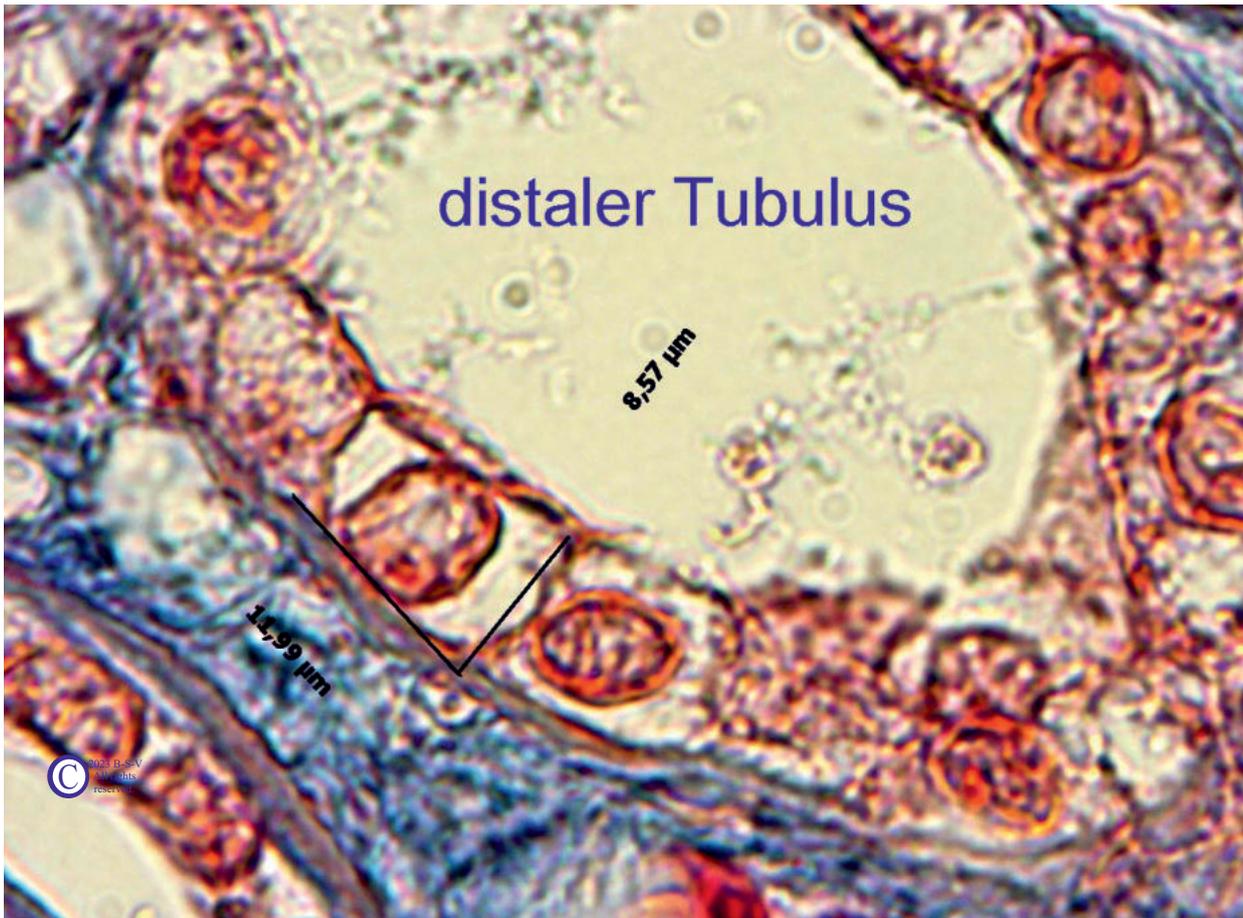

zufällig veränderte Zellen des Plattenepithels

Urothel

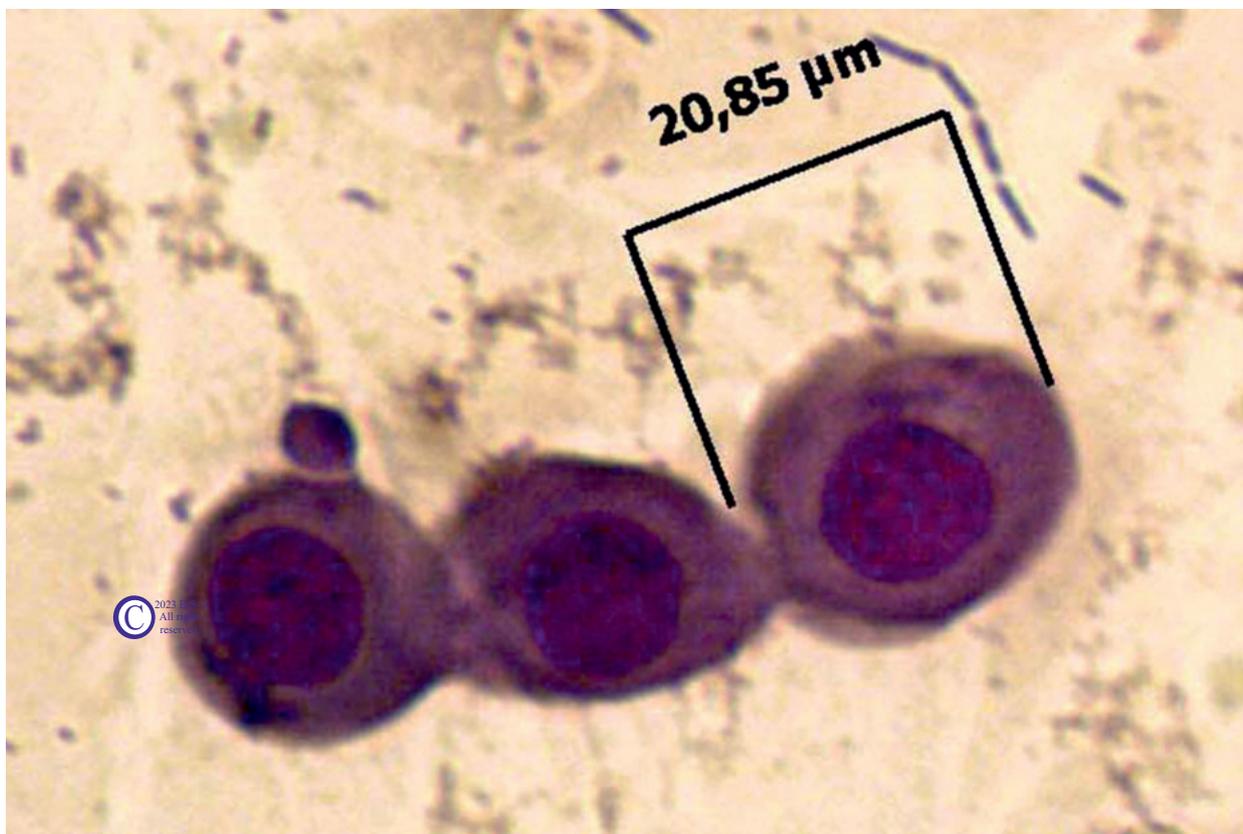

Tubuluszellen

Urothel

menschliches Präparat, Kernechtrot und Alzianblau

gefärbte Tubuluszellen des Harnsediments

Plattenepitheliale Zellen

engerolltes Zytoplasma

Plattenepitheliale Zellen

Plattenepitheliale Zellen

Plattenepitheliale Zellen

Differenzierungsmerkmal: Kern-Plasma-Relation

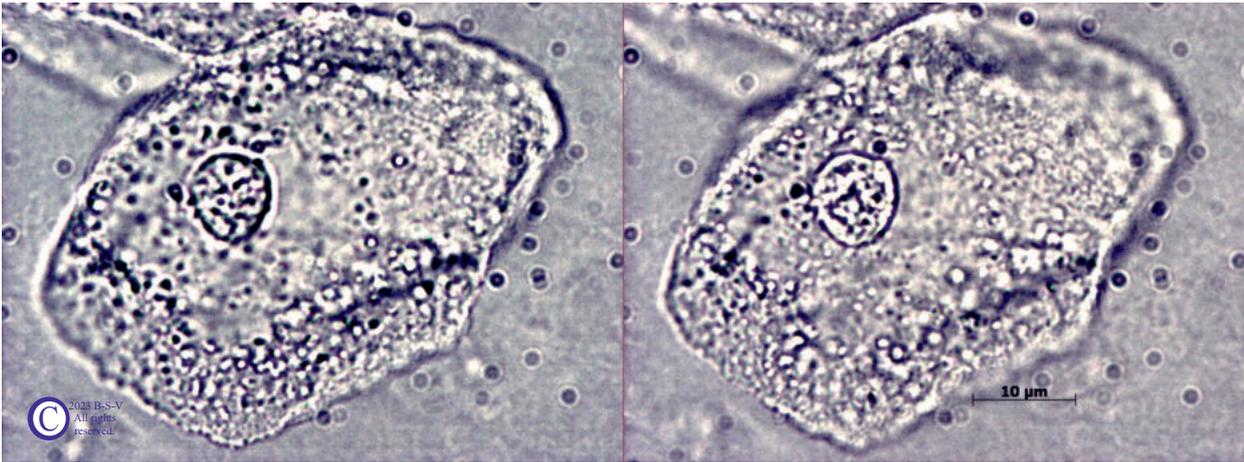

Plattenepitheliale Zellen

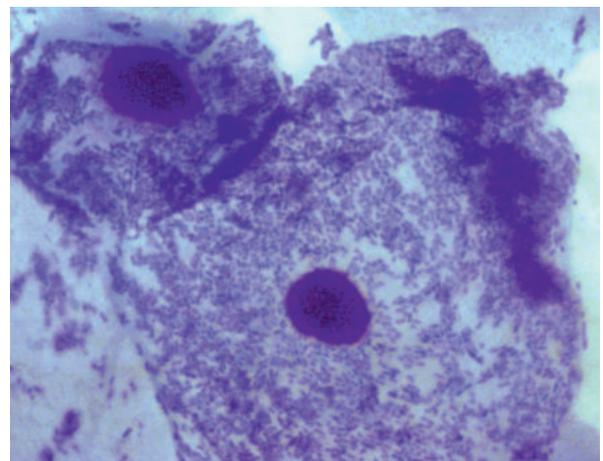

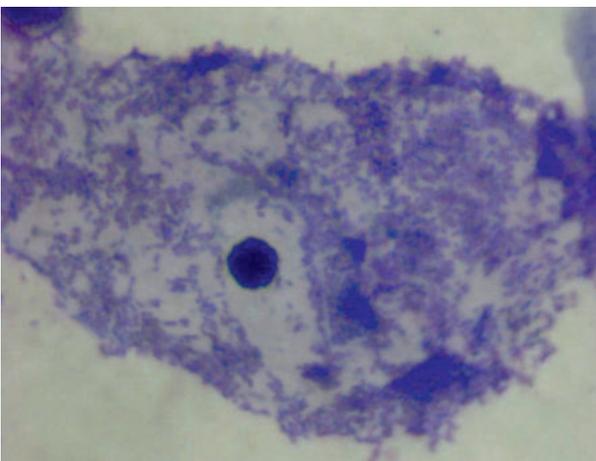

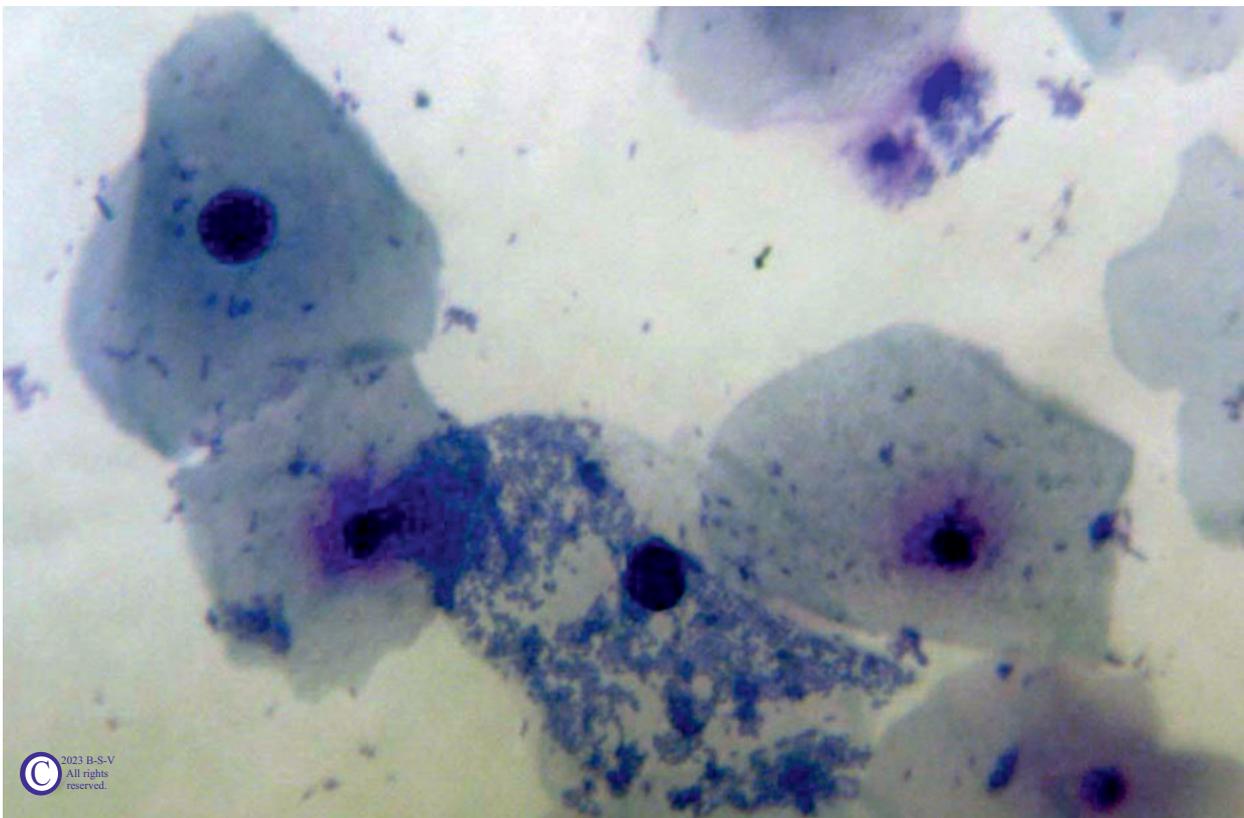

Plattenepitheliale Zellen

Plattenepitheliale Zellen

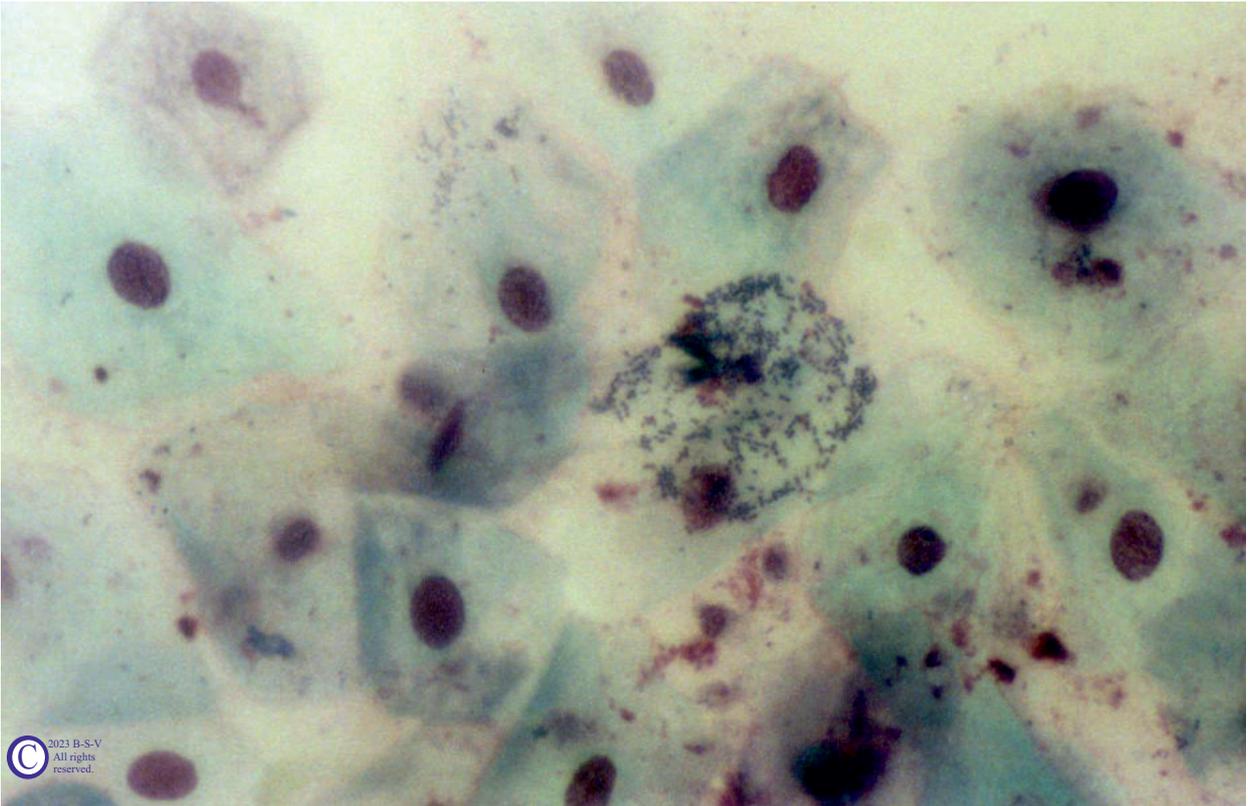

bakterielle Besiedelung

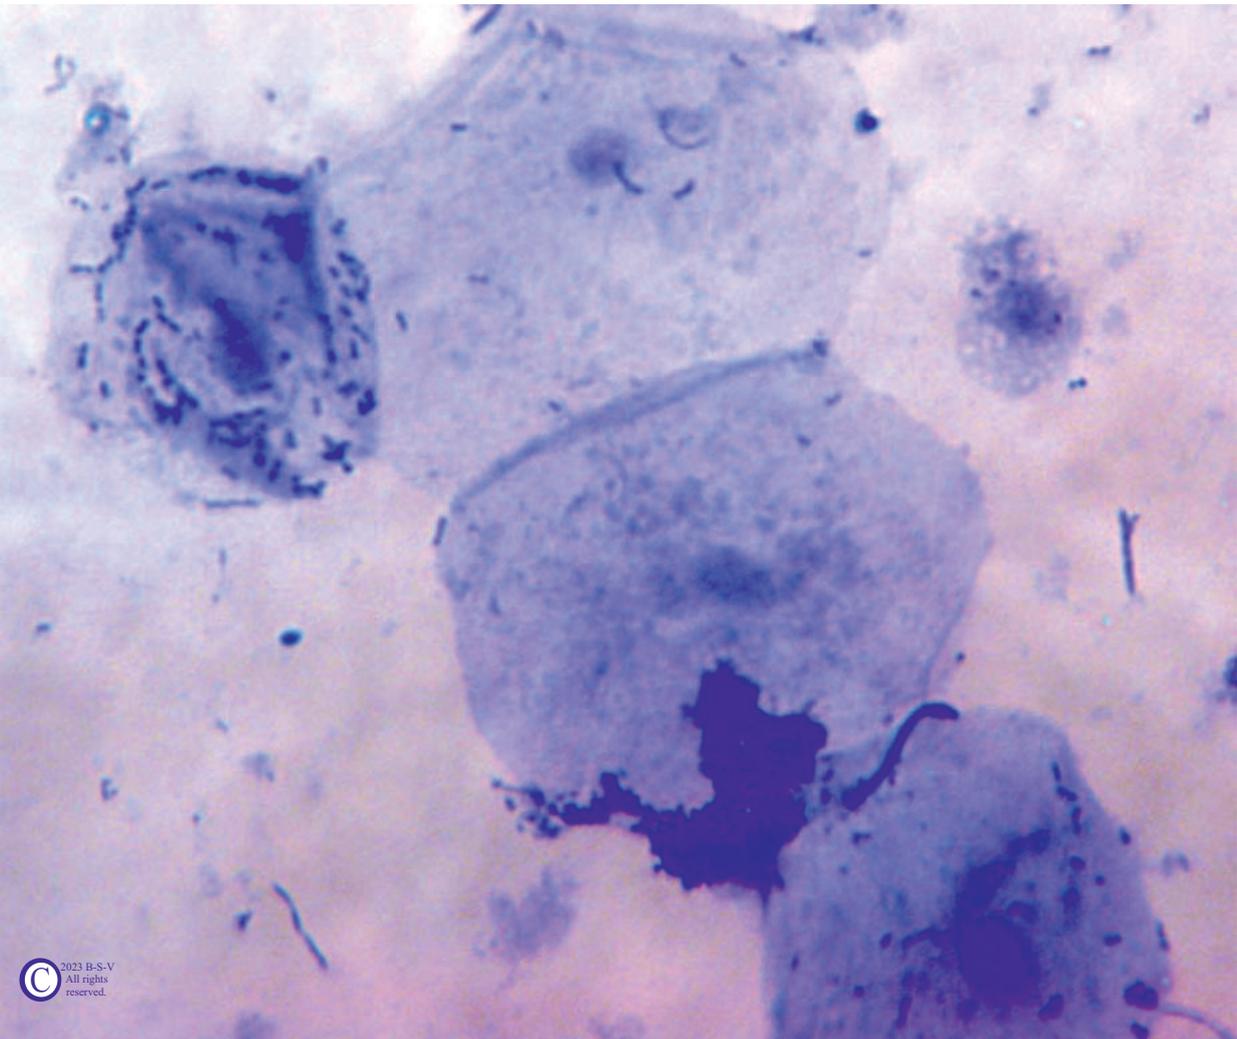

gefärbte Präparate

Plattenepitheliale Zellen

Papanicolaou-Färbung

Färbung mit Methylenblau
